## Austrian Senior Golf Assoziation European Championship ESGA Masters Team Trophy 2026

### **Jürgen Dolesch, mayor of Stegersbach**

As the mayor of Stegersbach it is a great pleasure and a true honor for me to welcome golf enthusiasts and participants alike to the European Championship of the European Senior Golf Association (ESGA) in 2026. We are deeply proud that the decision was made to host this prestigious event in our charming town, as our community has been closely connected to the game of golf for decades. This recognition confirms that we indeed offer the ideal conditions to meet the high expectations of such an international championship.

Golf is much more than just a sport – it is a passion, a discipline, and a form of connection. It brings people together from different countries and generations, united by fairness, friendship, and the joy of the game. The Golf and Thermal Region of Stegersbach represents that beautifully by combining sporting challenge, breathtaking natural surroundings, and warm hospitality in a unique way.

I would like to give special thanks to Robert Meier whose commitment and dedication played a huge role in making this possible. I wish all participants an exciting competition, great scores and many unforgettable moments here in Stegersbach!

### **Mag.<sup>a</sup> Michaela Schmidt, State Secretary**

I am honoured to announce that the annual European Championship of the European Senior Golf Association (ESGA) will be held in Austria in 2026. Austria's largest golf resort – the Golfschaukel Stegersbach – provides the ideal setting for this golf tournament, in the midst of exceptionally picturesque landscapes.

Golf has been proven to promote healthy ageing among senior citizens and has evolved from an elite sport to a popular mainstream activity in many European countries. Participants representing the 24 ESGA member countries can look forward to a truly challenging European Championship – the Stegersbach golf course is famous for its many elevation changes, which require greater precision in shots and excellent physical condition.

I would like to extend my warmest thanks to the Austrian Golf Seniors Association (ÖGS) and the ESGA, who were responsible for organising the event. I certainly hope the participants have a great time and do well at the European Championship!

All the sporting best,

Michaela Schmidt

## Austrian Senior Golf Assoziation European Championship ESGA Masters Team Trophy 2026

**DI Gerhard Frühling, President, OEGV** (Austrian Golf Association)

It is with great pride and anticipation that we welcome the European Super Senior Masters Championship 2026 to Austria. This championship is more than just a tournament – it is a celebration of lifelong passion for the sport and a testament to the camaraderie and respect that unite senior players throughout Europe.

The Allegria Resort Stegersbach in Burgenland is renowned for its outstanding facilities, seamlessly combining sport, relaxation, and authentic Austrian hospitality. It will provide the perfect stage for this esteemed event, bringing together the finest senior golfers from 24 European nations.

Austria's selection as host nation for 2026 is both an honor and a recognition of our commitment to providing the highest standards for players and guests alike. The Austrian Golf Association is proud to support this championship and to showcase both Austria's golfing tradition and the unique beauty of southern Burgenland.

We look forward to welcoming participants, their companions, and supporters to an event that promises competitive spirit, lasting friendships, and unforgettable memories. I extend my best wishes to all competitors for a successful and memorable championship – may this event strengthen the bonds of friendship and sporting excellence that define senior golf in Europe.

**Dr. Billy Mitchell, President, ESGA** (European Senior Golf Association)

It is my very pleasant task, along with Robert Meier, to welcome you to the 7th Masters Team Championship at Golfschaukel, Stegersbach, Austria. The location is easily reached from either Vienna or Graz by car. This year the tournament will be the first Masters event to be held independently from the the Super Seniors Championship and Cup. While the format of the event remains unchanged it is exciting to be able to increase the team size from four to six players with the options for each Association to include three players aged between 70 and 74 years old.

This change was made after consultation with ESGA members and is intended to increase the representative opportunities for those players aged 70 and over. The change not only allows an independent tournament to be held but also ensures that the important social dimension is not ignored.

The venue for this year's tournament is the Südburgenland Course which is truly outstanding and ÖGS held an extremely successful K&K Monarchy Cup here in 2025 where six members participated. In addition to the excellent golfing facilities the resort offers thermal spas and other leisure activities for golfers and accompanying partners to enjoy.
